I. EXECUTIVE SUMMARY

Background

United Healthcare of New York (United Healthcare) is a health insurance issuer that offered qualified health plans (QHPs) in the individual market State-Based Exchange (SBE) in New York during the 2014 benefit year. United Healthcare submitted its final restated 2014 benefit year data in the November 2016 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$7,989,380.54 in advance payments of the premium tax credit (APTC) from the Centers for Medicare & Medicaid Services (CMS) and reported a total of \$42,866,668.35 in premiums for its 2014 benefit year individual market plans.

This report is an assessment, conducted in coordination with the SBE, of United Healthcare's compliance with the APTC program established in sections 1401 and 1412 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 (collectively referred to throughout as PPACA), and implementing regulations. This report also details the results of the assessment of premiums for information purposes only.

Audits to Determine Compliance with the Administration of APTC Program

Under title 45 of the Code of Federal Regulations (CFR) sections §§ [155.1210](#) and [156.480](#), the Department of Health and Human Services (HHS) may audit¹ issuers that offer a QHP in the individual market through an Exchange to assess the degree of compliance with the APTC program requirements. HHS designates CMS to conduct these audits and to achieve the following objectives:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit is part of CMS's program to validate the enrollment and payment data reported in the final 2014 EPDW submitted by the issuer, and to analyze controls and policies of selected issuers pursuant to the authority defined in 45 CFR §§ 155.1210 and 156.480.

¹ To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialogue between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

The findings and observations are documented below. If CMS found an instance of issuer non-compliance with APTC program requirements that requires correction to the APTC reported in the final EPDW, then CMS classified it as a *finding*. If CMS found a deviation from CMS or Exchange requirements that we are calling to the attention of management for purposes of improving compliance in future program years, but that does not require correction to payment, then CMS categorized it as an *observation*.

Results of Review

CMS identified two (2) findings and two (2) observations for United Healthcare. The net APTC financial impact of the two (2) audit findings is an overstatement of \$710,958.16 in APTC in the final EPDW and therefore a payment of \$710,958.16, consisting of APTC to be returned to CMS. The net premium impact of the two (2) observations is an overstatement of \$3,948,088.19 in premiums in the final EPDW. The findings and observations include the following:

Findings:

1. Differences in APTC amounts identified in the comparison of the issuer's data included in the November 2016 EPDW submitted by United Healthcare to a Payment Desk Audit File containing subscriber level data from United Healthcare's systems; and
2. Inclusion of full month enrollment and payment data for thirty (30) duplicate subscribers in the Payment Desk Audit File.

Observations:

1. Differences in premium amounts identified in the comparison of the issuer's data included in the November 2016 EPDW submitted by United Healthcare to a Payment Desk Audit File containing subscriber level data from United Healthcare's systems; and
2. Inclusion of full month enrollment and premium data for fifty-eight (58) duplicate subscribers in the Payment Desk Audit File

Please refer to section IV for details on the findings and observations listed above, including the condition, cause, effect, corrective actions, and the issuer's responses.

II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1412 of the PPACA established the APTC program to support the provision of affordable health care coverage to individuals.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC program. As such, CMS established this audit program.

Interim Payment Process

In 2014, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance cost-sharing reduction (CSR) amounts. CMS used this interim payment process to calculate payments for all SBE issuers for the 2014-2017 benefit years. CMS transitioned most SBE issuers to policy-based payments (PBP) in 2018 and transitioned the last SBE to PBP in 2020.

For the 2014 benefit year, the interim payment process required SBE issuer submitters, including issuers in New York, to self-report enrollment and payment data on a monthly basis, including any adjustments to previous months’ requests, via manual submission of an EPDW, and to attest to the accuracy of the data. SBE issuer submitters were required to calculate the QHP enrollment and payment amounts and to submit that information in the EPDW using their internal source data.

CMS calculated and made monthly payments based on the QHP data submitted in the EPDW. While using this interim process, CMS designed and implemented a robust set of internal controls within a larger program integrity framework to ensure payment accuracy. CMS required submitters to send the following QHP plan information at the variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total effectuated enrollment groups
9. Total effectuated enrollment groups with APTC
10. Total effectuated enrollment groups with advance CSR
11. Total effectuated members
12. Total effectuated members with APTC
13. Total effectuated members with advance CSR

CMS conducted a SBE payment close-out process for the 2014 benefit year in which CMS compared the EPDW data against the policy-level reporting (PLR) data submitted by the SBE. The PLR data was based on the monthly submissions that SBEs sent to the Internal Revenue Service (IRS) for reporting purposes and contained cumulative individual market enrollment APTC data. CMS requested that SBEs append an additional field for the QHP ID for each policy and separately submit the data to CMS for this purpose. CMS asked SBEs or SBE issuers to explain any outlier discrepancies between EPDW and PLR data and to re-submit the EPDW, if necessary, or to verify that payment data was accurate despite discrepancies with PLR data.

B. Regulations Governing APTC Program

CMS established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC program:

- [45 CFR § 155.1210](#): Maintenance of Records;
- [45 CFR § 156.460](#): Reduction of enrollee's share of premium to account for advance payments of the premium tax credit; and
- [45 CFR § 156.480](#): Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs.

Please refer to Appendix 2 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of this audit are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for premiums and the APTC program;
- (2) Identify potential CMS APTC payment errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of issuer processes for reducing an enrollee's share of premium to account for APTCs.

D. Scope and Methodology

CMS selected United Healthcare for an audit to assess the issuer's compliance with 45 CFR §§ 155.1210, 156.460 and 156.480. CMS evaluated United Healthcare's activities related to the 2014 benefit year (January 1, 2014 through December 31, 2014) individual market data reported in the final EPDW submitted in November 2016 by the issuer to CMS to support APTC payments and premium amounts.

CMS sent United Healthcare an electronic letter on May 25, 2018 to notify them of the scope of this audit. CMS's audit contractor sent a follow-up letter to United Healthcare on May 29, 2018 that identified data requirements required to conduct the audit. CMS's audit contractor reviewed the audit data file submitted by United Healthcare, as well as the final 2014 EPDW submitted by

the issuer to CMS and the PLR data submitted by the SBE to CMS, and used CMS's audit procedures to assess compliance with APTC program rules and regulations².

CMS's audit contractor applied CMS's audit protocol to identify the findings and observations listed in section IV of this report. CMS's audit contractor performed the following procedures:

- Validations of the Payment Desk Audit File² data submitted to CMS:
 - EPDW Validations: Review and comparison of the issuer's final submitted 2014 EPDW to the Payment Desk Audit File from the issuer's systems.
 - Unreconciled Subscribers Review: Review and comparison of the subscribers reported in the Payment Desk Audit File to the subscribers included in the SBE's PLR data to determine if the subscribers existed and their coverage was effectuated in the issuer's system (i.e., the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber).
 - Duplicate Exchange-assigned Subscriber IDs Check: Review of the Payment Desk Audit File containing subscriber level data from the issuer's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e., Exchange-assigned subscriber IDs that were reported in the file twice in the same month with full month or incorrectly prorated payment data) were not reported in the file.
 - Premium Less than APTC Validation: Review of the Payment Desk Audit File to verify that the subscribers' premium amounts reported in the file were not less than the APTC amounts reported in the file.
 - Coverage Days Validation: Review of the Payment Desk Audit File to verify that enrollments of five (5) days or fewer reported in the file were effectuated and had active coverage in the issuer's systems.
- Validations on samples of issuer's systems data:
 - Forty-five (45) Subscribers Sample Review: Review and comparison of the coverage periods, premium and APTC amounts from the issuer's systems to the corresponding data included in the SBE's PLR data for a selected sample of forty-five (45) subscribers.
 - Fifteen (15) Subscribers Sample Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

² The Payment Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

III. RESULTS OF REVIEW

CMS assessed issuer compliance with regulations using the following procedures: EPDW Validations, Unreconciled Subscribers Review, Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation, Coverage Days Validation, Forty-five (45) Subscribers Sample Review, Fifteen (15) Subscribers Sample Review, and Policy and Procedure Review.

To build collaborative relationships and identify process improvements that support program integrity goals, CMS conducted a discrepancy phase following the review of the initial audit data submission to work with the issuer to resolve or reduce audit findings, thereby improving compliance. During the discrepancy phase, United Healthcare submitted an updated Payment Desk Audit File to address data issues and the procedures were re-performed. Following the discrepancy phase with the issuer, additional follow-up with the SBE was performed as necessary to confirm or resolve the identified audit findings. Below are the results of this review following the discrepancy phase.

EPDW Validation

One (1) finding and one (1) observation resulted from the comparison of the final 2014 EPDW submitted by the issuer to United Healthcare's Payment Desk Audit File. Please refer to Finding No. 1 and Observation No. 1 included in section IV for details on the finding and observation.

Unreconciled Subscribers Review

No findings or observations resulted from the review of United Healthcare's Payment Desk Audit File to determine if the subscribers reported in the file existed and their coverage was effectuated in the issuer's systems.

Duplicate Exchange-assigned Subscriber IDs Check

One (1) finding and one (1) observation resulted from the review of United Healthcare's Payment Desk Audit File to verify that duplicate Exchange-assigned subscriber IDs were not reported in the file. Please refer to Finding No. 2 and Observation No. 2 included in section IV for details on the finding and observation.

Premium Less than APTC Validation

No findings or observations resulted from the review of United Healthcare's Payment Desk Audit File to verify that subscribers were not reported in the file with premium amounts that were less than the APTC amounts.

Coverage Days Validation

No findings or observations resulted from the review of United Healthcare's Payment Desk Audit File to verify that enrollments of five (5) days or fewer reported in the file were effectuated and had active coverage in the issuer's systems.

Forty-five (45) Subscribers Sample Review

No findings or observations resulted from the review and comparison of the data from United

Healthcare's systems to the corresponding data included in the SBE's PLR data to determine accuracy of the reported enrollment months and the application of premium and APTC for a selected sample of forty-five (45) subscribers.

Fifteen (15) Subscribers Sample Review

No findings or observations resulted from the review of the data and documentation from United Healthcare's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.

Policy and Procedure Review

No findings or observations resulted from the review of United Healthcare's APTC policies and procedures.

IV. FINDINGS AND OBSERVATIONS

A finding is an identification of an instance of issuer non-compliance with APTC program requirements that requires correction to payment. CMS's audit procedures identified two (2) findings, which resulted in a change to the APTC amounts reported in United Healthcare's EPDW for individual market plans for the 2014 benefit year.

An observation is a deviation from CMS or Exchange requirements that we are calling to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. CMS's audit procedures identified two (2) observations that resulted in a change to the premium amounts reported in United Healthcare's EPDW for individual market plans for the 2014 benefit year.

In light of the two (2) findings and two (2) observations, the adjusted 2014 benefit year EPDW APTC and premium amounts for individual market plans are shown in the following table.

Recalculated EPDW for the 2014 Benefit Year

	APTC	Premium (Observations)*
EPDW as Filed in November 2016	\$7,989,380.54	\$42,866,668.35
Finding No. 1 and Observation No. 1 - EPDW Validations Adjustment	\$(646,743.96)	\$(3,571,889.79)
Finding No. 2 and Observation No. 2 – Duplicate Exchange-assigned Subscriber IDs Check Adjustment	\$(64,214.20)	\$(376,198.40)
EPDW As Recalculated	\$7,278,422.38	\$38,918,580.16
Total Impact	\$(710,958.16)	\$(3,948,088.19)*

Note: Positive APTC values indicate funds owed to the issuer.

The net financial impact of the two (2) audit findings is a payment of \$710,958.16, consisting of APTC to be returned to CMS.

*Note: The premium impact of the two (2) audit observations is an overstatement of \$3,948,088.19 in premiums. The premium impact is noted for purposes of improving compliance in future program years.

For the two (2) audit findings and two (2) observations, CMS documented the criteria, cause, effect, corrective actions, and United Healthcare’s responses as seen in the charts below.

Finding No. 1 and Observation No. 1 – EPDW Validations	
Condition:	<p>APTC Differences (Finding) – For one (1) or more months of 2014 benefit year enrollment in eleven (11) QHPs, the net “total APTC Amount by QHP ID for effectuated enrollments” included in United Healthcare’s EPDW was greater than the total APTC amount included in United Healthcare’s Payment Desk Audit File, resulting in an overpayment of \$646,743.96 in APTC. For the one or more months of 2014 benefit year enrollment in eleven (11) QHPs, the total net enrollment in the EPDW was overstated by one hundred and seven (107) APTC enrollment groups and one thousand, seven hundred and seventy-eight (1,778) APTC members.</p> <p>Premium Differences (Observation) – For one (1) or more months of 2014 benefit year enrollment in eighteen (18) QHPs, the net “total Premium Amount by QHP ID for effectuated enrollments” included in United Healthcare’s EPDW was greater than the total premium amount included in United Healthcare’s Payment Desk Audit File, resulting in an overstatement of \$3,571,889.79 premiums. For the one or more months of 2014 benefit year enrollment in eighteen (18) QHPs, the total net enrollment in the EPDW was understated by three hundred and fifty-seven (357) enrollment groups and overstated by three thousand, eight hundred and thirty-six (3,836) members.</p>
Criteria:	<p>Pursuant to CMS guidance and EPDW submission requirements:</p> <p>The “total APTC amount by QHP ID for effectuated enrollments” submitted on the EPDW is the “total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID.”</p> <p>The “total premium amount by QHP ID for effectuated enrollments” submitted on the EPDW is the “total premium amount for the health coverage for all effectuated enrollments within that plan.”</p>
Cause:	<p>The issuer indicated that the Premium and APTC differences were attributable to:</p> <p>“1. Effectuations and terminations resulting from the exchange of eligibility files with the SBE that were rejected or errored from loading or that did not update into the SBE’s systems. The issuer estimates that approximately 95% of the discrepancies identified are attributable to this scenario.</p> <p>2. Correction of the termination effective date for certain members without APTC.</p>

Finding No. 1 and Observation No. 1 – EPDW Validations	
	<p>3. Correction of the termination effective date for certain members impacted by the use of a delinquency threshold.</p> <p>4. Correction of the termination effective date for certain members with APTC.”</p>
Effect:	The APTC and premium differences resulted in a change to United Healthcare’s final, restated 2014 benefit year EPDW data.
Corrective Action Required:	<p>The net financial impact of this finding is a payment of \$646,743.96, consisting of APTC to be returned to CMS. United Healthcare should confirm the financial impact by filling out Appendix 1.</p> <p>The premium impact of this observation is an overstatement of \$3,571,889.79 in premiums. CMS notes this observation for purposes of improving compliance in future program years.</p>
Management Response:	UHC of NY agrees with this finding.

Finding No. 2 and Observation No. 2 - Duplicate Exchange-assigned Subscriber IDs Check	
Condition:	United Healthcare overstated the 2014 benefit year premium amounts for fifty-eight (58) subscribers, and overstated the 2014 benefit year APTC amounts for thirty (30) of those subscribers, in the Payment Desk Audit File by reporting enrollment and full month payment data for the subscribers more than once in the same month.
Criteria:	Issuers cannot request full month payment from CMS for the same subscriber twice within a month.
Cause:	The issuer indicated for ten (10) of the fifty-eight (58) duplicate records, the same Exchange Assigned Subscriber ID was assigned to different subscribers that were in the same family. For forty-nine (49) of the fifty-eight (58) duplicate records, the issuer indicated multiple policy numbers were received from NY; this caused the issuer’s Payment Desk Audit file to include duplicated rows in error when there is, only one (1) billing record for each month of coverage in their system. For each identified subscriber, the issuer also indicated which of the two (2) duplicate records had associated claims that were received or paid under it.

Finding No. 2 and Observation No. 2 - Duplicate Exchange-assigned Subscriber IDs Check	
Effect:	The inclusion of the fifty-eight (58) duplicate subscribers resulted in an additional adjustment to the APTC and premium amounts in the listed in Finding No. 1 and Observation No. 1.
Corrective Action Required:	<p>The net financial impact of this finding is a payment of \$64,214.20, consisting of APTC to be returned to CMS. United Healthcare should confirm the financial impact by filling out Appendix 1.</p> <p>The premium impact of this observation is an overstatement of \$376,198.40 in premiums. CMS notes this observation for purposes of improving compliance in future program years.</p>
Management Response:	UHC of NY agrees with this Finding.

V. MANAGEMENT RESPONSES

Please provide management's response to the two (2) findings and two (2) observations identified in the draft audit report and complete the attached Appendix 1 - Issuer Management Response to Net Financial Adjustment (Appendix 1), within thirty (30) calendar days from the draft audit report date. Management's response should indicate agreement or disagreement.

Agreement

If management agrees with the two (2) findings and two (2) observations, complete the "Management Response" field of the finding and observations in the draft audit report, and initial "Agree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 within thirty (30) calendar days from the draft audit report date. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report on the CCIIO webpage. CMS will process the final payment adjustment amount in the next available monthly payment cycle.

Disagreement

If management disagrees with the two (2) findings and corrective action or any of the two (2) observations, complete the "Management Response" field of the finding and observations in the draft audit report, and initial "Disagree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 and any supporting documentation that substantiates management's response within thirty (30) calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanations in the "Management Response" field of the finding and observations and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

Please return the updated Appendix 1 within fifteen (15) calendar days. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report on the CCIIO webpage. CMS will process the final payment adjustment amount in the next available monthly payment cycle.

Appendix 1 – Issuer Management Response to Net Financial Adjustment

Issuer HIOS ID: 54235

Issuer Name: United Healthcare of Greater New York (United Healthcare)

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other individual who can legally and financially bind this issuer has reviewed the information included in the audit report of the issuer's 2014 benefit year APTC program participation, resulting in a payment of \$710,958.16 to be returned to CMS and:

(INITIAL) CAB Agrees with the audit net adjustment amount above, confirming the audit finding(s) and observation(s), if applicable, and as such this report will be considered final and published.

OR

(INITIAL) _____ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the 2014 benefit year audit. If review is requested, CMS will consider this draft only a preliminary audit report. If the review option is selected, you must provide a written explanation with any additional documentation when you return this response within thirty (30) calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.
