Appendix 2 – Applicable Regulations	16
Appendix 3 – Glossary of Terms and Acronyms	19

I. EXECUTIVE SUMMARY

Background

UCare is a health insurance issuer that offered qualified health plans (QHPs) in the individual market State-Based Exchange (SBE) in Minnesota during the 2015 benefit year. UCare submitted its final restated 2015 benefit year data in the November 2016 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$5,321,834.30 in advance payments of the premium tax credit (APTC) from CMS and reported a total of \$27,018,904.83 in premiums for its 2015 benefit year individual market plans.

This report is an assessment, conducted in coordination with the SBE, of UCare's compliance with the APTC program established in sections 1401 and 1412 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 (collectively referred to throughout as PPACA), and implementing regulations. This report also details the results of the assessment of premiums for information purposes only as CMS did not charge user fees to issuers offering QHPs through SBEs during the 2015 benefit year.

Audits to Determine Compliance with the Administration of APTC Program

Under title 45 of the Code of Federal Regulations (CFR) sections §§ [155.1210](#) and [156.480](#), the Department of Health and Human Services (HHS) may audit¹ issuers that offer a QHP in the individual market through an Exchange to assess the degree of compliance with the APTC program requirements. HHS designates the Centers for Medicare & Medicaid Services (CMS) to conduct these audits and to achieve the following objectives:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit is part of CMS's program to validate the enrollment and payment data reported in the final 2015 EPDW submitted by the issuer, and to analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

¹ To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

The findings and observations are documented below. If CMS found an instance of issuer non-compliance with APTC program requirements that requires correction to the APTC reported in the final EPDW, then CMS classified it as a *finding*. If CMS found a deviation from CMS requirements that we are calling to the attention of management for purposes of improving compliance in future program years, but that does not require correction to payment, then CMS categorized it as an *observation*.

Results of Review

CMS identified no findings and two (2) observations for UCare. The net premium impact of the two (2) observations is an understatement of \$20,377.87 in premiums in the final EPDW. The observations include the following:

1. Differences in premium amounts identified in the comparison of the issuer's data included in the November 2016 EPDW submitted by UCare to a Payment Desk Audit File containing subscriber level data from UCare's systems; and
2. Provision of coverage and reporting of enrollment and payment data in the Payment Desk Audit File for sixteen (16) subscribers, including one (1) of the fifteen (15) selected subscribers, who did not pay all outstanding premiums prior to the end of the three (3) month grace period.

Please refer to section IV for details on the observations listed above, including the condition, cause, effect, corrective actions, and the issuer's responses.

II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1412 of the PPACA established the APTC program to support the provision of affordable health care coverage to individuals.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC program. As such, CMS established this audit program.

Interim Payment Process

In 2015, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance cost-sharing reduction (CSR) amounts. CMS used this interim payment process to calculate payments for all SBE issuers for the 2014-2017 benefit years. CMS transitioned most SBE issuers to policy-based payments (PBP) in 2018, and intends to transition the last SBE to PBP in 2020.

For the 2015 benefit year, the interim payment process required SBE issuer submitters, including issuers in Minnesota, to self-report enrollment and payment data on a monthly basis, including any adjustments to previous months’ requests, via manual submission of an EPDW, and to attest to the accuracy of the data. SBE issuer submitters were required to calculate the QHP enrollment and payment amounts and to submit that information in the EPDW using their internal source data.

CMS calculated and made monthly payments based on the QHP data submitted in the EPDW. While using this interim process, CMS designed and implemented a robust set of internal controls within a larger program integrity framework to ensure payment accuracy. CMS required submitters to send the following QHP plan information at the variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total effectuated enrollment groups
9. Total effectuated enrollment groups with APTC
10. Total effectuated enrollment groups with advance CSR
11. Total effectuated members
12. Total effectuated members with APTC
13. Total effectuated members with advance CSR

CMS conducted a SBE payment close-out process for the 2015 benefit year in which CMS compared the EPDW data against the policy-level reporting (PLR) data submitted by the SBE. The PLR data submitted by the SBEs contained cumulative individual market enrollment APTC data to support the reconciliation and verification of the aggregate payments made through the interim payment process during the 2015 benefit year. CMS leveraged the monthly submissions that SBEs sent to the Internal Revenue Service (IRS) for reporting purposes and requested that SBEs separately submit to CMS the monthly cumulative data on individual market enrollment with an additional field for the QHP ID for each policy. CMS requested SBE or SBE issuers to explain any discrepancies and to re-submit the EPDW, if necessary, or to verify that payment data was accurate despite discrepancies with PLR data.

B. Regulations Governing APTC Program

CMS established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC program:

- [45 CFR § 155.1210](#): Maintenance of Records;
- [45 CFR § 156.460](#): Reduction of enrollee's share of premium to account for advance payments of the premium tax credit; and
- [45 CFR § 156.480](#): Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs.

Please refer to Appendix 2 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of this audit are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for premiums and the APTC program;
- (2) Identify potential CMS APTC payment errors resulting from issuer data reporting errors;
- (3) Test accuracy and integrity of issuer processes for reducing an enrollee's share of premium to account for APTCs.

D. Scope and Methodology

CMS selected UCare for an audit to assess the issuer's compliance with the aforementioned regulations. CMS evaluated UCare's activities related to the 2015 benefit year (January 1, 2015 through December 31, 2015) individual market data reported in the final EPDW submitted in November 2016 by the issuer to CMS to support APTC payments and premium amounts.

CMS sent UCare an electronic letter on February 15, 2019 to notify them of the scope of this audit. CMS's audit contractor sent a follow-up letter to UCare on February 20, 2019 that identified data requirements required to conduct the audit. CMS's audit contractor reviewed the audit data file submitted by UCare, as well as the final 2015 EPDW submitted by the issuer to

CMS and the PLR data submitted by the SBE to CMS, and used CMS's audit procedures to assess compliance with APTC program rules and regulations².

CMS's audit contractor applied CMS's audit protocol to identify the findings and observations listed in section IV of this report. CMS's audit contractor performed the following procedures:

- Validations of the Payment Desk Audit File² data submitted to CMS:
 - EPDW Validations: Review and comparison of the issuer's final submitted 2015 EPDW to the Payment Desk Audit File from the issuer's systems.
 - Unreconciled Subscribers Review: Review and comparison of the subscribers reported in the Payment Desk Audit File to the subscribers included in the SBE's PLR data to determine if the subscribers existed and their coverage was effectuated in the issuer's system (i.e., the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber).
 - Duplicate Exchange-assigned Subscriber IDs Check: Review of the Payment Desk Audit File containing subscriber level data from the issuer's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e., Exchange-assigned subscriber IDs that were reported in the file twice in the same month with full month or incorrectly prorated payment data) were not reported in the file.
 - Premium Less than APTC Validation: Review of the Payment Desk Audit File to verify that the subscribers' premium amounts reported in the file were not less than the APTC amounts reported in the file.
 - Coverage Days Validation: Review of the Payment Desk Audit File to verify that enrollments of five (5) days or fewer reported in the file were effectuated and had active coverage in the issuer's systems.
- Validations on samples of issuer's systems data:
 - Forty-five (45) Subscribers Sample Review: Review and comparison of the coverage periods, premium and APTC amounts from the issuer's systems to the corresponding data included in the SBE's PLR data for a selected sample of forty-five (45) subscribers.
 - Fifteen (15) Subscribers Sample Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

² The Payment Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

III. RESULTS OF REVIEW

CMS assessed issuer compliance with regulations using the following procedures: EPDW Validations, Unreconciled Subscribers Review, Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation, Coverage Days Validation, Forty-five (45) Subscribers Sample Review, Fifteen (15) Subscribers Sample Review, and Policy and Procedure Review.

To build collaborative relationships and identify process improvements that support program integrity goals, CMS conducted a discrepancy phase following the review of the initial audit data submission to work with the issuer to resolve or reduce audit findings, thereby improving compliance. During the discrepancy phase, UCare submitted an updated Payment Desk Audit File as data conversion issues were noted, partial month premium amounts were inadvertently excluded, and incorrect and incomplete information was included in the original Payment Desk Audit File. The procedures were re-performed using the updated Payment Desk Audit File. Additional follow-up with the SBE was performed as necessary to confirm or resolve the identified audit findings. Below are the results of this review following the discrepancy phase.

EPDW Validation

No findings and one (1) observation resulted from the comparison of the final 2015 EPDW submitted by the issuer to UCare's Payment Desk Audit File. Please refer to Observation No. 1 included in section IV for details on the observation.

Unreconciled Subscribers Review

No findings or observations resulted from the review of UCare's Payment Desk Audit File to determine if the subscribers reported in the file existed and their coverage was effectuated in the issuer's systems.

Duplicate Exchange-assigned Subscriber IDs Check

No findings or observations resulted from the review of UCare's Payment Desk Audit File to verify that duplicate Exchange-assigned Subscriber IDs were not reported in the file.

Premium Less than APTC Validation

No findings or observations resulted from the review of UCare's Payment Desk Audit File to verify that subscribers were not reported in the file with premium amounts that were less than the APTC amounts.

Coverage Days Validation

No findings or observations resulted from the review of UCare's Payment Desk Audit File to verify that enrollments of five (5) days or fewer reported in the file were effectuated and had active coverage in the issuer's systems.

Forty-five (45) Subscribers Sample Review

No findings or observations resulted from the review and comparison of the data from UCare's systems to the corresponding data included in the SBE's PLR data to determine accuracy of the

reported enrollment months and the application of premium and APTC for a selected sample of forty-five (45) subscribers.

Fifteen (15) Subscribers Sample Review

No findings and one (1) observation resulted from the review of the data and documentation from UCare's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers. Please refer to Observation No. 2 included in section IV for details on the observation.

Policy and Procedure Review

No findings or observations resulted from the review of UCare's APTC policies and procedures.

IV. FINDINGS AND OBSERVATIONS

A finding is an identification of an instance of issuer non-compliance with APTC program requirements that requires correction to payment. CMS’s audit procedures identified no findings that resulted in a change to the APTC amounts reported in UCare’s EPDW for individual market plans for the 2015 benefit year.

An observation is a deviation from CMS requirements that we are calling to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. CMS’s audit procedures identified two (2) observations, consisting of one (1) observation that resulted in a change to the premium amounts reported in UCare’s EPDW for individual market plans for the 2015 benefit year and one (1) observation that did not result in a change to the premium amounts reported in UCare’s EPDW but that are noted for purposes of improving compliance in future program years.

In light of the two (2) observations, the adjusted 2015 benefit year EPDW APTC and premium amounts for individual market plans are shown in the following table.

Recalculated EPDW for the 2015 Benefit Year

	APTC	Premium (Observations)
EPDW as Filed in November 2016	\$5,321,834.30	\$27,018,904.83
Observation No. 1 - EPDW Validations Adjustment	\$0.00	\$20,377.87
Observation No. 2 – Fifteen (15) Subscribers Sample Review Adjustment	\$0.00	\$0.00
EPDW As Recalculated	\$5,321,834.30	\$27,039,282.70
Total Impact	\$0.00	\$20,377.87*

Note: Positive APTC values indicate funds owed to the issuer.

*Note: The premium impact of the two (2) observations is an understatement of \$20,377.87 in premiums. The premium impact is noted for purposes of improving compliance in future program years, as observations, as CMS did not charge user fees to issuers offering QHPs through SBEs during the 2015 benefit year.

For the two (2) observations, CMS documented the criteria, cause, effect, corrective actions, and UCare’s responses as seen in the charts below.

Observation No. 1 – EPDW Validations	
Condition:	<p>Premium Differences: For one (1) or more months of 2015 benefit year enrollment in ten (10) QHPs, the net "Total Premium Amount by QHP ID for effectuated enrollments" included in UCare's EPDW was less than the total premium amount included in UCare's Payment Desk Audit File, resulting in an understatement of \$20,377.87 in premiums. For the one (1) or more months of 2015 benefit year enrollment in ten (10) QHPs, the total net enrollment in the EPDW was overstated by two thousand, seven hundred and forty-four (2,744) enrollment groups and understated by five hundred and twenty-nine (529) members.</p>
Criteria:	<p>Per CMS guidance and EPDW submission requirements, the "Total premium amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total premium amount for the health coverage for all effectuated enrollments within that plan."</p>
Cause:	<p>The issuer indicated the following explanations for the premium differences identified:</p> <ul style="list-style-type: none"> • "The final EPDW file submitted to CMS in November 2016 inadvertently excluded information for certain subscribers' dependents that appear in the Audit File. As a result, 109 member months and 22,339.33 of premium is missing in the final reported total to CMS. Such differences have not been corrected and reported to CMS as the differences relate to members not eligible for APTC and would not have impacted the APTC payment amount to UCare." • "The final EPDW file submitted to CMS in November 2016 contains immaterial differences in the premium amounts reported for 46 member months totaling \$642.51 of premium due to manual processing errors made in the compilation of data for the final EPDW report filed. Such differences have not been corrected and reported to CMS as the differences relate to members not eligible for APTC and would not have impacted the APTC payment amount to UCare." • "The final EPDW file submitted to CMS in November 2016 does not reflect certain retroactive adjustments made to member records that were included in the Audit File submitted. As a result, 30 member months and -\$2,603.97 of premium are not reflected in the data reported to CMS. Such differences have not been corrected and reported to CMS as the differences relate to members not eligible for APTC and would not have impacted the APTC payment amount to UCare." <p>CMS concluded the premium amounts were understated by \$20,377.87 as a result of the \$22,339.33 in premiums missing from the EPDW due</p>

Observation No. 1 – EPDW Validations	
	<p>to inadvertent exclusion of members, the \$642.51 in premiums that were understated in the EPDW due to manual processing, and the \$2,603.97 in premiums that were overstated in the EPDW due to retroactive adjustments.</p> <p>The net overstatements in enrollment groups and understatements in members identified in the condition represent aggregated differences, i.e., the aggregated understatements and overstatements include QHP-level overstatements in some months and QHP-level understatements in other months. The differences may have resulted from incorrect reporting of the enrollment groups and members in the EPDW due to the lack of guidance, uncertainty around EPDW reporting requirements, and/or differences in the approaches for calculating and reporting enrollment groups and members on the EPDW versus the approaches for calculation and reporting enrollment groups and members for audit purposes.</p>
Effect:	The premium differences resulted in a change to UCare’s final, restated 2015 benefit year EPDW data.
Corrective Action Required:	The premium impact of this observation is an understatement of \$20,377.87 in premiums. CMS notes this observation for purposes of improving compliance in future program years.
Management Response:	UCare has updated procedures to ensure accurate premium amounts are updated and reported for all members, whether they are APTC eligible or not, with each future submission.

Observation No. 2 - Fifteen (15) Subscribers Sample Review	
Condition:	UCare provided coverage and reported enrollment and payment data in the Payment Desk Audit File for sixteen (16) subscribers, including one (1) of the fifteen (15) selected subscribers, who did not pay all outstanding premiums prior to the end of the three (3) month grace period.
Criteria:	Per 45 CFR § 156.270, a QHP issuer must return advance payments of the premium tax credit paid on the behalf of such enrollee for the second and third months of the grace period if the enrollee exhausts the grace period. Additionally, if an enrollee receiving advance payments of the premium tax credit exhausts the 3-month grace period in paragraph (d) of this section without paying all outstanding premiums, subject to a premium payment threshold implemented

Observation No. 2 - Fifteen (15) Subscribers Sample Review	
	under 155.400(g) of this subchapter, if applicable, the QHP issuer must terminate the enrollee's enrollment through the Exchange on the effective date described in 155.430(d) of this subchapter (i.e., the last day of the first month of the 3-month grace period).
Cause:	The issuer indicated for the one (1) subscriber "This member is part of a group of members in the APTC appeals process for plan years 2015-2016. For this group, APTC payments aligned with the number of months UCare provided coverage, however, too many months of coverage were provided beyond member payment. UCare updated processes in 2017 to ensure that APTC payments align with members' effectuation, last premium payment guidelines and term dates." The issuer further indicated "The appeal included a total of 16 members for 2015 with total premium revenue of \$8,338.32 and excess APTC collected of \$3,966.94."
Effect:	The issuer did not follow CMS enrollment guidance and requirements set forth in 45 CFR § 156.270 as the issuer provided extra months of coverage and did not terminate the enrollments on the last day of the first month of the exhausted three month grace period.
Corrective Action Required:	CMS notes this observation for purposes of improving compliance in future program years.
Management Response:	UCare updated procedures in 2017 to comply with enrollment guidance and requirements set forth in 45 CFR § 156.270 and continues to apply these procedures.

V. MANAGEMENT RESPONSES

Please provide management's response to the two (2) observations identified in the draft audit report and complete the attached Appendix 1 - Issuer Management Response to Net Financial Adjustment (Appendix 1), within thirty (30) calendar days from the draft audit report date. Management's response should indicate agreement or disagreement.

Agreement

If management agrees with the two (2) observations, complete the "Management Response" field of the observations in the draft audit report, and initial "Agree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 within thirty (30) calendar days from the draft audit report date. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report on the CCIIO webpage. CMS will process the final payment adjustment amount in the next available monthly payment cycle.

Disagreement

If management disagrees with the two (2) observations, complete the "Management Response" field of the observations in the draft audit report, and initial "Disagree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 and any supporting documentation that substantiates management's response within thirty (30) calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanations in the "Management Response" field of the observations and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

Please return the updated Appendix 1 within fifteen (15) calendar days. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report on the CCIIO webpage. CMS will process the final payment adjustment amount in the next available monthly payment cycle.

Appendix 1 – Issuer Management Response to Net Financial Adjustment

Issuer HIOS ID: 85736

Issuer Name: UCare

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other individual who can legally and financially bind this issuer has reviewed the information included in the audit report of the issuer's 2015 benefit year APTC program participation, resulting in a payment of \$0.00 and:

(INITIAL) BAM Agrees with the audit net adjustment amount above, confirming the audit finding(s) and observations(s), if applicable, and as such this report will be considered final and published.

OR

(INITIAL) _____ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the 2015 benefit year audit. If review is requested, CMS will consider this draft only a preliminary audit report. If the review option is selected, you must provide a written explanation with any additional documentation when you return this response within thirty (30) calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

Appendix 2 – Applicable Regulations

The following table identifies the specific regulatory requirements around which CMS has organized its audits.

Regulation	Guidance
<p>45 CFR § 155.1210 – Maintenance of Records</p>	<p>(a) General. The State Exchange must maintain and must ensure its contractors, subcontractors, and agents maintain for 10 years, documents and records (whether paper, electronic, or other media) and other evidence of accounting procedures and practices, which are sufficient to do the following:</p> <ul style="list-style-type: none"> (1) Accommodate periodic auditing of the State Exchange's financial records; and (2) Enable HHS or its designee(s) to inspect facilities, or otherwise evaluate the State- Exchange's compliance with Federal standards. <p>(b) Records. The State Exchange and its contractors, subcontractors, and agents must ensure that the records specified in paragraph (a) of this section include, at a minimum, the following:</p> <ul style="list-style-type: none"> (1) Information concerning management and operation of the State Exchange's financial and other record keeping systems; (2) Financial statements, including cash flow statements, and accounts receivable and matters pertaining to the costs of operations; (3) Any financial reports filed with other Federal programs or State authorities; (4) Data and records relating to the State Exchange's eligibility verifications and determinations, enrollment transactions, appeals, and plan variation certifications; and (5) Qualified health plan contracting (including benefit review) data and consumer outreach and Navigator grant oversight information. <p>(c) Availability. A State Exchange must make all records and must ensure its contractors, subcontractors, and agents must make all records in paragraph (a) of this section available to HHS, the OIG, the Comptroller General, or their designees, upon request.</p>

Regulation	Guidance
<p>45 CFR § 156.50 – Financial Support</p>	<p>(a) Definitions. The following definitions apply for the purposes of this section: <i>Participating issuer</i> means any issuer offering a plan that participates in the specific function that is funded by user fees. This term may include: health insurance issuers, QHP issuers, issuers of multi-State plans (as defined in § 155.1000(a) of this subchapter), issuers of stand-alone dental plans (as described in § 155.1065 of this subtitle), or other issuers identified by an Exchange.</p> <p>(b) Requirement for State-based Exchange user fees. A participating issuer must remit user fee payments, or any other payments, charges, or fees, if assessed by a State-based Exchange under § 155.160 of this subchapter.</p> <p>(c) Requirement for Federally-facilitated Exchange user fee. To support the functions of Federally-facilitated Exchanges, a participating issuer offering a plan through a Federally-facilitated Exchange must remit a user fee to HHS each month, in the timeframe and manner established by HHS, equal to the product of the monthly user fee rate specified in the annual HHS notice of benefit and payment parameters for the applicable benefit year and the monthly premium charged by the issuer for each policy under the plan where enrollment is through a Federally-facilitated Exchange.</p>
<p>45 CFR § 156.460 - Reduction of enrollee's share of premium to account for advance payments of the premium tax credit</p>	<p>(a) Reduction of enrollee's share of premium to account for advance payments of the premium tax credit. A QHP issuer that receives notice from the Exchange that an individual enrolled in the issuer's QHP is eligible for an advance payment of the premium tax credit must—</p> <ol style="list-style-type: none"> (1) Reduce the portion of the premium charged to or for the individual for the applicable month(s) by the amount of the advance payment of the premium tax credit; (2) Notify the Exchange of the reduction in the portion of the premium charged to the individual in accordance with § 156.265(g); and (3) Include with each billing statement, as applicable, to or for the individual the amount of the advance payment of the premium tax credit for the applicable month(s), and the remaining premium owed.

Regulation	Guidance
<p>45 CFR § 156.480 - Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs.</p>	<p>(a) Maintenance of records. An issuer that offers a QHP in the individual market through a State Exchange must adhere to, and ensure that any relevant delegated entities and downstream entities adhere to, the standards set forth in § 156.705 concerning maintenance of documents and records, whether paper, electronic, or in other media, by issuers offering QHPs in a Federally-facilitated Exchange, in connection with cost-sharing reductions and advance payments of the premium tax credit.</p> <p>(b) Annual reporting requirements. For each benefit year, an issuer that offers a QHP in the individual market through an Exchange must report to HHS, in the manner and timeframe required by HHS, summary statistics specified by HHS with respect to administration of cost-sharing reduction and advance payments of the premium tax credit programs, including any failure to adhere to the standards set forth under § 156.410(a) through (d), § 156.425(a) through (b), and § 156.460(a) through (c) of this Part.</p> <p>(c) Audits. HHS or its designee may audit an issuer that offers a QHP in the individual market through an Exchange to assess compliance with the requirements of this subpart.</p>
<p>45 CFR § 156.705 – Maintenance of records for Federally-facilitated Exchanges</p>	<p>(a) General standard. Issuers offering QHPs in a Federally-facilitated Exchange must maintain all documents and records (whether paper, electronic, or other media) and other evidence of accounting procedures and practices, necessary for HHS to do the following:</p> <p>(1) Periodically audit financial records related to QHP issuers' participation in a Federally-facilitated Exchange, and evaluate the ability of QHP issuers to bear the risk of potential financial losses; and</p> <p>(2) Conduct compliance reviews or otherwise monitor QHP issuers' compliance with all Exchange standards applicable to issuers offering QHPs in a federally-facilitated Exchange as listed in this part.</p> <p>(b) Records. The records described in paragraph (a) of this section include the sources listed in § 155.1210(b)(2), (3), and (5) of this subchapter.</p> <p>(c) Record retention timeframe. Issuers offering QHPs in a Federally-facilitated Exchange must maintain all records referenced in paragraph (a) of this section for 10 years.</p> <p>(d) Record availability. Issuers offering QHPs in a Federally-facilitated Exchange must make all records in paragraph (a) of this section available to HHS, the OIG, the Comptroller General, or their designees, upon request.</p>

Appendix 3 – Glossary of Terms and Acronyms

Terms & Acronyms	Definition
APTC	Advance Payments of the Premium Tax Credit
CEO	Chief Executive Officer
CFO	Chief Financial Officer
CFR	Code of Federal Regulations
CMS	Centers for Medicare & Medicaid Services
CSR	Cost-sharing Reduction
