

***Advance Payments of the Premium Tax Credit (APTC) and State-based Exchange on the  
Federal Platform (SBE-FP) User Fee Program Assessment Report***

***for***

***CHRISTUS Health Plan***

***December 14, 2022***

## I. EXECUTIVE SUMMARY

Sections 1401 and 1412 of the Affordable Care Act (ACA) established the advance payments of the premium tax credit (APTC) program to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the ACA allows the Federally-facilitated Exchanges (FEEs) to charge participating issuers in State-based Exchanges on the Federal Platform (SBE-FPs) user fees to support the proportion of all FEE functions that are also conducted for SBE-FPs.

Under title 45 of the Code of Federal Regulations (CFR), sections 156.480 and 156.705, the Department of Health and Human Services (HHS) may audit issuers that offer a Qualified Health Plan (QHP) in the individual market through an Exchange to assess the degree of compliance with the APTC and SBE-FP user fee program requirements. The Centers for Medicare & Medicaid Services (CMS) established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC and SBE-FP user fee programs and other related applicable Exchange operational standards:

- 45 CFR § 155.400: Enrollment of qualified individuals into QHPs;
- 45 CFR § 155.430: Termination of Exchange enrollment or coverage;
- 45 CFR § 156.50: Financial support;
- 45 CFR § 156.270: Termination of coverage or enrollment for qualified individuals;
- 45 CFR § 156.460: Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR § 156.480: Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs; and
- 45 CFR § 156.705: Maintenance of records for Federally-facilitated Exchanges.

This report is an assessment of CHRISTUS Health Plan (CHRISTUS)'s compliance with the APTC and SBE-FP user fee program requirements. CHRISTUS is a health insurance issuer that offered QHPs in the individual market on the SBE-FP in New Mexico during the 2018 benefit year. The issuer received a total of \$10,785,058.99 in APTC from CMS. The state of New Mexico paid CMS a total of \$308,406.22 in SBE-FP user fees on behalf of the issuer for the 2018 benefit year. The payment amounts were calculated using CMS's automated payment system, policy-based payments (PBP).

Based on the assessment of CHRISTUS's program participation, if CMS found any instances of issuer non-compliance with APTC and SBE-FP user fee program requirements that requires correction to payment, then CMS classified it as a *finding* in section III. If CMS found a deviation from APTC and SBE-FP user fee program requirements that does not require correction to payment, then CMS categorized it as an *observation* in section IV in order to call management's attention to the issue(s) for purposes of improving compliance in future program years.

As noted in the Payment Policy and Financial Management Group (PPFMG) External Audit Communication letter dated July 19, 2019, consistent with the expiration of the good faith policy at 45 CFR § 156.800(c), CMS may begin imposing civil money penalties (CMPs) for observations identified beginning with benefit year 2020 audits.

## **II. BACKGROUND AND AUDIT METHODOLOGY**

### **A. PBP Background**

Starting in 2016, CMS implemented an automated PBP system to support the collection of SBE-FP user fees and to make monthly payments of APTC. The PBP system calculates the payment and charge amounts based on enrollment information at the policy level. CMS and issuers use the X12 standard 834 enrollment transaction in real time to exchange FFE enrollment data. To confirm the accuracy and consistency of the FFE enrollment data that CMS uses to make automated payments, CMS also conducts a monthly enrollment reconciliation process. CMS provides a Pre-Audit File to issuers containing a snapshot of the FFE database for the benefit year, and issuers respond by submitting an Inbound Reconciliation (RCNI) File to CMS that contains the benefit year's enrollment data as reflected in the issuer's systems. As a part of the reconciliation processes, CMS reconciles the RCNI file with the Pre-Audit File using a set of business rules that reflect CMS's enrollment policy to determine whether updates were required. This process implements a complex set of business rules to determine which issuer enrollment updates are accepted or rejected. The output of the comparison, the Outbound Reconciliation (RCNO) File, is sent to issuers to show which records CMS anticipates updating in the FFE database and which records CMS is directing the issuer to update in their systems. CMS conducted this enrollment reconciliation process for the 2018 benefit year from December 2017 through March 2019.

CMS provided a final opportunity for issuers to compare their 2018 FFE individual enrollment data with the current 2018 enrollment data in the FFE database, via an optional off-cycle enrollment reconciliation process. Unlike typical enrollment reconciliation runs, CMS did not update FFE enrollment data based on the off-cycle enrollment reconciliation. Instead, issuers were encouraged to submit disputes for any outstanding discrepancies resulting from the off-cycle enrollment reconciliation processes that required updates to FFE data.

### **B. Audit Methodology**

On February 16, 2021, CHRISTUS was notified by CMS that they were selected for audit for the 2018 benefit year. Once selected, CMS required the submission of a new RCNI file that contained the 2018 benefit year individual market enrollment data as currently reflected in the issuer's systems. CMS also required the submission of policies and procedures, policy documentation for selected samples of policies, and a Premium Payment Data Extract containing premium payment data from the issuer's system for a selected sample of policies. Using the issuer provided data files and documentation, the following audit procedures were performed to assess compliance with APTC and SBE-FP user fee program rules and regulations.

#### **Validations of PBP Payments/Charges based on Data Reported in CMS's Systems through Enrollment Reconciliation**

For purposes of the audit, the issuer submitted an updated RCNI file that reflected a current snapshot of individual market enrollment data for the 2018 benefit year. During the audit, CMS reconciled the issuer provided RCNI file with the Pre-Audit File representing the most recent FFE data as of the beginning of the audit to identify any data differences and used the output of the comparison (the audit RCNO file) as the basis for performing the checks in its audit procedures to validate PBP payments. CMS executed audit procedures to identify the policies that have a financial impact listed in section III of this report. CMS referred to its enrollment policy and PBP requirements to develop the audit protocols that determine

whether the discrepancies identified through these reviews and comparisons required adjustment to payment<sup>1</sup>. Data differences identified between the issuer's enrollment records and the FFE data in the audit RCNO file were reviewed and communicated to the issuer for resolution or confirmation as part of the audit process. Any policies with the following remaining confirmed data differences that required adjustment to payment after the completion of this process are detailed in an Excel file provided to CHRISTUS in conjunction with the draft report:

- 1) Coverage status: Policies that were effectuated in CMS's data but not the issuer's data or vice-versa (referred to as "CMS Unreconciled" or "Issuer Unreconciled", respectively);
- 2) Coverage dates: Policies where the dates of coverage did not align between CMS and the issuer (referred to as "CMS Extra Coverage" or "Issuer Extra Coverage"); and/or
- 3) Financial differences: Policies where premium and resulting SBE-FP user fee and/or APTC amounts differed between CMS's data and the issuer's data (referred to as "Financial Differences with/without Coverage Differences").

### **Validations of the Correct Application of CMS Enrollment Policy**

Using the policy documentation, data files, and policies and procedures provided by the issuer, CMS executed audit procedures to identify the observations listed in section IV of this report. The reviews include the Forty-Five (45) Subscriber Sample Policy-level Documentation Review, Premium Payment Data Extract Validation, and Policies and Procedures Review.

CMS conducted a discrepancy phase following execution of the audit procedures detailed above to work with the issuer to resolve or reduce data differences identified. CMS adjudicated the issuer follow-up and, after the analysis, issued this report.

### III. SUMMARY OF FINDINGS WITH FINANCIAL IMPACT

A finding is the identification of an instance of issuer non-compliance with APTC and SBE-FP user fee program requirements that requires correction to payment. CMS's audit procedures identified data differences that resulted in a change to the total APTC payment made to CHRISTUS and the total SBE-FP user fees collected from CHRISTUS for individual market plans during the 2018 benefit year. The APTC and SBE-FP user fee financial impact is shown in the following table.

**APTC Payment and SBE-FP user fee Collection Financial Impact**

	<b>Number of Policies Impacted</b>	<b>APTC Payment</b>	<b>SBE-FP user fee Payment</b>	<b>Total</b>
<b>Policies where CMS owes the Issuer APTC</b>	11	\$59,982.80	\$(1,406.85)	\$58,575.95
<b>Policies where the Issuer owes CMS APTC</b>	3	\$(6,390.00)	\$165.50	\$(6,224.50)
<b>User Fee Only Policies where CMS owes SBE-FP UF</b>	5	N/A	\$143.38	\$143.38
<b>User Fee Only Policies where CMS is owed SBE-FP UF</b>	3	N/A	\$(39.39)	\$(39.39)
<b>Total Impact</b>	22	\$53,592.80	\$(1,137.36)	\$52,455.44

**Note:** Positive values indicate funds owed from CMS; negative values indicate amounts owed to CMS.

The net financial impact is a payment from CMS to CHRISTUS of \$52,455.44, which consists of \$53,592.80 in APTC to be paid by CMS and \$1,137.36 in SBE-FP user fees to be paid to CMS. The policies impacted and the associated financial impact are detailed in an Excel file provided to CHRISTUS in conjunction with the draft report.

The APTC payment and user fee payment adjustments will be processed in the monthly payment cycle and netted against any other payments or charges as indicated by CMS's netting rules.<sup>2</sup>

## IV. SUMMARY OF OBSERVATIONS

An observation is a deviation from APTC and SBE-FP user fee program requirements that is called to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. While CMS is not adjusting APTC payment or imposing CMPs for observations for the audit of the 2018 benefit year, we note issuer deviations from CMS's enrollment regulations or guidance where applicable. As noted in the PPFMG External Audit Communication letter dated July 19, 2019, consistent with the expiration of the good faith policy at 45 CFR § 156.800(c), CMS may begin imposing CMPs for observations identified beginning with benefit year 2020 audits. CMS's audit procedures identified the following two (2) observations:

- CHRISTUS provided coverage despite not receiving the binder payment within the issuer's threshold of 90% for one (1) of the three hundred and twenty-three (323) policies reviewed in the Premium Payment Data Extract Validation and for one (1) policy reviewed in the Forty-Five (45) Subscriber Sample Policy-level Documentation Review. For the two (2) policies, the issuer indicated that the member did not make a binder payment, but coverage was provided. The issuer further indicated, "as of late 2018 all enrollment, eligibility and billing data is now managed by our vendor. CHRISTUS and the vendor meet on a regular basis to discuss any data updates and/or discrepancies to resolve them timely and accurately. Any remaining 2018 discrepancies in this file that have not been responded to are likely accurate as the transition in late 2018 still saw inaccuracies for that year due to the initial data transfer process. Members are now managed much more timely and accurately since January 2019." Pursuant to 45 CFR § 155.400(e), the FFE requires payment of the first month's premium to effectuate an enrollment.
- CHRISTUS continued to provide coverage despite not receiving the full outstanding premium balance within the three (3) month grace period for twenty-one (21) of the three hundred and twenty-three (323) policies reviewed in the Premium Payment Data Extract Validation and for one (1) policy reviewed in the Forty-Five (45) Subscriber Sample Policy-level Documentation Review. The issuer indicated it continued to provide coverage when the outstanding balance was not received in full or was not received timely (received in full but not within the three (3) month grace period). The issuer further indicated, "as of late 2018 all enrollment, eligibility and billing data is now managed by our vendor. CHRISTUS and the vendor meet on a regular basis to discuss any data updates and/or discrepancies to resolve them timely and accurately. Any remaining 2018 discrepancies in this file that have not been responded to are likely accurate as the transition in late 2018 still saw inaccuracies for that year due to the initial data transfer process. Members are now managed much more timely and accurately since January 2019." CMS notes any systematic issues may impact additional enrollments in the issuer's systems. Pursuant to 45 CFR § 156.270(g), if an enrollee receiving APTC exhausts the three (3) month grace period without paying all outstanding premiums, the QHP issuer must terminate the enrollee's enrollment through the Exchange on the last day of the first month of the three (3) month grace period.

## Appendix 1 – Issuer Management Response to Net Financial Adjustment

Issuer HIOS ID: 72034

Issuer Name: CHRISTUS Health Plan (CHRISTUS) (CHRISTUS)

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other authorized official who can legally and financially bind this issuer has reviewed the information included in the audit report of the issuer's 2018 benefit year APTC and SBE-FP user fee program, resulting in a payment from CMS to CHRISTUS of \$52,455.44, which consists of \$53,592.80 in APTC to be paid by CMS and \$1,137.36 in SBE-FP user fees to be paid to CMS, and:

(INITIAL) MS Agrees with the audit net adjustment amount above, confirming the audit financial impact and observation(s), if applicable, and as such this report will be considered final and published.

Or

(INITIAL) \_\_\_\_\_ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the audit. As you requested a review, CMS will consider this draft only a preliminary audit report. As the review option was selected, you must provide a written explanation with any additional documentation when you return this response within thirty (30) calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.
