CMS-10882, OMB 0938-1475

Our December 10, 2024 (RIN 0938-AV40) proposed rule intended to indicate that the 0938-1475 (CMS-10882) collection of information request would be made available to the public using the standard non-rule PRA process; however, that information was inadvertently excluded from the Collection of Information section.

Although we are not making any changes to our proposed rule, in the subsequent final rule we intend to revise the first paragraph of proposed ICRs 1, 2, 3, 4, 5, and 6 to read, “The following proposed changes will be submitted to OMB for review and approval under control number 0938-1475 (CMS-10882) using the standard non-rule PRA process which includes the publication of 60- and 30-day Federal Register notices.”
