FROM: Danielle R. Moon, J.D., M.P.A., Director
Medicare Drug & Health Plan Contract Administration Group

Jennifer R. Shapiro, MPH, Acting Deputy Director
Medicare Drug Benefit and C & D Data Group

SUBJECT: Contract Year 2015 Non-Renewals and Service Area Reductions

As provided in the contract year 2015 Final Call Letter and Chapter 4, section 140, of the Medicare Managed Care Manual, there are limited options for transitioning members from a plan benefit package (PBP) that is being terminated or whose service area is being reduced to another PBP. We recently provided instructions on requesting a crosswalk exception in our May 2, 2014 HPMS memorandum entitled, "Process for Requesting an HPMS Crosswalk Exception for Contract Year 2015." Please follow the instructions provided in these documents when submitting a request for the permissible exceptions outlined.

All non-renewal or service area reduction (NR/SAR) requests, including full contract non-renewals and PBP level non-renewals, that involve beneficiaries who will not be transitioned to a new PBP should be on your organization's letterhead (in pdf format) and submitted by going to <https://dmao.lmi.org/>. Please click on the "Non-Renew/Terminations" tab. Please include in your letter: your contract and PBP numbers; whether the contract is being non-renewed or the service area is being reduced; the counties/states affected; and a contact person. Please also explain the reason your organization has decided to NR/SAR its contract(s) or PBP(s). Please copy your account manager on your request and submit no later than **Monday, June 2, 2014**.

If you have any questions or concerns, please follow the same path at <https://dmao.lmi.org/>, and click on the "Non-Renew/Terminations" tab to submit your question. Please note: this is a URL not an email address.
