

HPMS E-Mail

Date: August 7, 2014

Subject: Contract Year 2015 Annual Notice of Change/Evidence of Coverage
Submission Requirements and Yearly Assessment for MMPs

E-mail Message:

On July 30, 2014, CMS issued a Health Plan Management System (HPMS) memorandum (Subject: "Contract Year 2015 Annual Notice of Change/Evidence of Coverage Submission Requirements and Yearly Assessment"), which detailed the requirements for submitting ANOC/EOC documents in HPMS and providing actual mail dates for ANOC/EOC mailings. The purpose of this email is to notify Medicare-Medicaid Plans (MMPs) in Massachusetts, Illinois, Virginia, California, and Ohio that they are subject to the requirements in the memorandum, including inputting of actual mail dates in HPMS within 15 days of mailing, and the due dates of October 31, 2014 or January 15, 2015 for the submission of errata sheets to correct errors in ANOC/EOC documents. MMPs will be subject to compliance actions for late mailings and/or inaccurate documents, as stated in the memorandum.

As a note, the ANOC/EOC material types/codes for MMPs are different from those identified in the memo for other plan types. MMPs should use their applicable State-specific material types/codes. If you have any questions, please contact your Contract Management Team or Marketing Reviewer.
