SUBJECT: Release of Notice of Intent to Apply for Contract Year 2015 Medicare Advantage (Part C), Prescription Drug Benefit (Part D), and Medicare-Medicaid Plan Contracts through the Financial Alignment Demonstration, and Related CY 2015 Application Deadlines

CMS is pleased to announce the release of the Contract Year (CY) 2015 Notice of Intent to Apply (NOIA) web tool and key dates for the CY 2015 Medicare Advantage (Part C), Prescription Drug Benefit (Part D), and Medicare-Medicaid Plan application cycle. As described in detail below, the first required action by interested organizations to participate in this process (the Notice of Intent to Apply) is rapidly approaching. The CY 2015 application cycle key dates are as follows:

I. 2015 Application Activity Key Dates

CY 2015 Application Activity	Date
Notice of Intent to Apply (NOIA) deadline to ensure access to the CMS Health Plan Management System	November 14, 2013
CMS sends Notice of Intent to Apply confirmation e-mails to entities meeting the November 14 NOIA deadline to ensure timely HPMS access	November 27, 2013
CMS User ID connectivity form submissions must be received by this date to ensure user access to HPMS by January 10, 2014	December 05, 2013
CY 2015 applications posted on CMS websites	January 13, 2014
Final day to submit Notice of Intent to Apply for 2015	January 31, 2014
CY 2015 applications submission deadline	February 2014

II. Submitting a Notice of Intent to Apply

The CY 2015 NOIA should be completed by **5 p.m. Eastern Time on November 14, 2013**. CMS will continue to process NOIAs between November 14, 2013 and January 31, 2014. Please note that CMS cannot guarantee that applicants submitting a NOIA after November 14 will have access to the online application when released in January 2014; therefore, be advised that those entities may not have the full period of time to complete their applications.

CMS will send confirmation emails to organizations once the CY 2015 NOIAs are processed, but no later than **November 27, 2013** for those entities that submit a NOIA by November 14, 2013. **Entities must submit a NOIA for CY 2015 if any of the following actions are planned:**

- Offering a new product type (such as a MA-PD, or Medicare-Medicaid Plan)
- Transitioning an existing non- or partial network PFFS to a full network PFFS (a pending contract ID will be issued)
- Expanding the service area of an existing contract (SAE)
- Expanding only an employer-only service area
- Adding prescription drug benefits to an existing contract for the first time
- Adding Employer Group Waiver Plan (EGWP) market to an existing individual-only service area for the first time
- Adding individual market to an existing EGWP-only service area for the first time
- Adding or expanding the service area of a Special Needs Plan

An organization seeking to offer a new product type or an expansion of an existing Medicare Advantage or Prescription Drug Plan must complete a separate NOIA for each unique application it intends to submit. Applicants seeking to offer a Medicare-Medicaid Plan through the Financial Alignment Demonstration will complete one NOIA per legal entity, regardless of the number of States or program types they intend to offer. CMS will generate distinct pending contract numbers for each State selected by a legal entity. Medicare-Medicaid Plan applicants for CY 2015 may only submit NOIAs for the HMO/HMOPOS plan type.

For CY 2015, three distinct websites have been set up to simplify the online tool for interested organizations. Hardcopies of the three web tool forms are attached to this memo as reference. The attachments identify the questions an organization must complete to correctly request a CY 2015 pending contract number for an initial/new contract application (Attachment A), service area expansion applications for existing organizations (Attachment B), and pending contract number for a Medicare-Medicaid Plan (Attachment C). CMS will only accept NOIAs submitted electronically through the appropriate online web tool. Organizations must use the following links to access and complete the NOIA web tools:

- Medicare Advantage (Part C) and Medicare Prescription Drug Plan (Part D) – *see Attachment A*
- Medicare Advantage (Part C) and Medicare Prescription Drug Plan (Part D) Service area expansion (including adding a SNP to an existing contract) – *see Attachment B*

- Medicare-Medicaid Plan through the Financial Alignment Demonstration – *see Attachment C*

III. CMS Processing of Notices of Intent to Apply and Confirmations

CMS will review and process the NOIA submission, and for entities seeking to offer a new product type in 2015, CMS will use the information submitted to generate pending contract IDs. Organizations' requests for separate contract numbers will only be accommodated when an existing contract is not allowed to be expanded based on CMS policy.

Please also note the following:

- New contract numbers will not be issued to existing legal entities for product types they currently contract with CMS to offer in 2014. Those entities will complete Service Area Expansion (SAE) applications to achieve the business goals of broadening the contract's service area, or adding Employer Group Waiver Plans or individual plans, to existing contracts. (Not applicable to Medicare-Medicaid Plans.)
- P.O. boxes will not be accepted as a valid address for application purposes. Processing will be delayed for all NOIAs that contain a P.O. Box for the mailing address of the legal entity while CMS attempts to collect the street address for the legal entity.
- All EGWP (Direct Contract or "Employer Series") service area expansions will follow the same application timeline as the individual market applications.
- All organizations seeking to offer a Medicare-Medicaid Plan will follow the same application timeline as Medicare Advantage and Part D.
- Current Private Fee-for-Service (PFFS) contractors with service areas transitioning to network-based coverage starting in CY 2015 must file a single Notice of Intent to Apply for those areas that are transitioning. The network-based PFFS areas will be assessed under a new contract number. Non-network PFFS plans (those plans that cover county(ies) not identified by CMS as being a county that must have network-based PFFS coverage) may continue to operate under their current contract numbers.

IV. CY 2015 Applications

The CY 2015 Medicare Advantage, Part D Prescription Drug Benefit, and Employer/Union-Only Group Waiver Plan (Direct Contract or "Employer Series") Initial and Service Area Expansion, Special Needs Plan Applications, and Medicare-Medicaid Plan applications will be posted on the CMS web pages and in CMS's Health Plan Management System (HPMS) by January 13, 2014 and will be due on a date in February 2014, to be announced with the release of the 2015 applications.

All CY 2015 Medicare applications and supporting documentation will be submitted electronically via the HPMS. To ensure timely access to CMS systems, including HPMS, applicants must complete the NOIA online and the CMS User ID connectivity form (required for entities seeking a new 2015 contract). Submitting a NOIA does not bind that organization to

submit an application for CY 2015.
