

Closing Remarks

Stacey Plizga, PRI

Stacey Plizga:

Okay, so the last thing I wanted to mention – oh, is that we actually have one last polling question before I finish my remarks. And that is if you would like to evaluate this open Q&A session that we just did, go ahead and select A and follow the link to complete the survey questions.

And while you are doing that, I will just give you a little bit more information that may be helpful to you. And that is that this conference will provide participants with both CMS CEUs and CCB CEUs. And to obtain the CMS CEUs, you need to complete the post-assessment questions that can be found on the upcoming current events page. To obtain the CCB CEU credits, you need to complete the CMS attendance survey that can be found on the upcoming current events page. And also instructions for completing these is on page 15 of the conference guide.

And lastly, CMS would like to thank all of our presenters for your time and dedication. We really do appreciate all your support. And of course we would like to thank all of our in-house guests for being here today and our webcast guests for joining us, and everybody have a wonderful evening.

Thank you.
