{INTERVIEWER MESSAGE}

PROGRAMMER SPECS:

When item 1 is selected, the interviewer is presented with the missing data summary screen. This screen provides for review of all BQ missing data for the SP. It will have a permanent header, centered, that says: THE FOLLOWING ITEMS ARE MISSING FROM BQ. CONFIRM THAT RESPONDENT CAN ANSWER AT LEAST ONE OF THESE ITEMS.

After reviewing these items and pressing <ENTER> on the last of the review screens, the interviewer is presented with the respondent roster (RR1) in order to select the respondent who will attempt to answer the missing data questions.

If a respondent is selected, the application is steered to the first of the missing data items followed by all remaining missing data items. After entering an answer for each item and there is no missing data, the interviewer is returned to BQEND.

The items in BQ that may be flagged for data retrieval are as follows:

BQ11A (race)  
BQ13 or BQ14 (marital status)

"MISSING DATA" on the BQ\_MISS screen and at the navigate screen can be set to COMPLETE if none of the items in the missing data module are flagged "-8" (DK). Otherwise, the MD module remains open.

If there is no BQ missing data, that is "1" is not a viable entry, display a message at the bottom of this screen: "THERE IS NO BQ MISSING DATA."

#### BQ\_MISS1

For any critical items with invalid responses (as specified in the programmer specifications for the Background Questionnaire), display flush left, the screen name of the missing item and in a second column the screen text for that item. Display the items in the same sequence in which they appear in the application.

### OTHER NURSING HOME OR REHAB CENTER:

Nursing homes are licensed or certified facilities that provide nursing services 24 hours a day to the residents. Rehabilitation Centers provide skilled nursing care or rehabilitation services and other related health services.

### PERSONAL CARE HOME OR RESIDENTIAL CARE FACILITY:

Personal care and residential care facilities or apartment buildings offer residents help with activities, such as bathing and dressing, but do not provide 24-hour nursing services. (Some residents at a residential care facility may not require such assistance, but it must be available to them.) These facilities are sometimes called assisted-living communities, board and care homes, or domiciliary homes.

### **NURSING HOME**

Nursing homes are licensed or certified facilities that provide nursing services 24-hours a day to the resident.

### **PERSONAL CARE HOME/RESIDENTIAL CARE FACILITY**

Assisted living facilities, board and care homes, domiciliary care homes, personal care homes, and rest homes are various terms for residential care facilities: places that offer residents help with activities such as bathing and dressing, but do not provide 24-hour nursing services. (Some residents at a residential care facility may not require such assistance, but it must be available to them.)

Some other common terms for residential care facilities are: (IL) shelter care facilities, community living facilities; community residential alternatives; home individualized programs.

(MD) group home for the mentally disabled; group senior-assisted housing for the elderly.

(MO) residential care centers; group care homes; group homes (adult); foster care homes; group homes.

(VA) homes for adults; residential facilities.

### **LONG-TERM CARE FACILITY**

A place that provides a residence and some surveillance and available living assistance for persons no longer willing or able to live on their own for the long term.
