DI4INTRO. In studies like this, people are sometimes grouped together according to income.
[PRESS ENTER TO CONTINUE.]

DI4. Was (your/SP's/your and your spouse's/SP's and SP's spouse's) total income during the past 12 months less than \$25,000 or \$25,000 or more, before taxes? Include income from jobs, Social Security, Railroad Retirement, other retirement income, Supplemental Security Income (SSI), pensions, interest, and any other sources.

[EXPLAIN IF NECESSARY: Income is important in analyzing the information we collect. For example, this information helps us learn whether persons in one income group use certain types of medical care services or have certain medical conditions more or less often than those in another group.]
