

MCBS MAIN STUDY - ROUND 46, FALL 2006  
 COMMUNITY COMPONENT  
 PS. CHARGE QUESTIONS (POST-STATEMENT SECTION)

The Post-Statement section (PS) asks if the SP had costs for eligible rent-to-buy items. The question PS1a determines if the item should go through the NS section in the *current* round. The PS section also updates RBUYCOST for rental items where the rental stopped but the SP *still expects* costs for that item (RBUYCOST = 1). This determines if the event comes back in subsequent rounds.

Only rental items can go through PS. Rental items will only go through PS if:

- 1) the rental was stopped prior to the current round (RENTENDR < CURRENT ROUND), and
- 2) the item is not already linked to a charge bundle for the current round, and
- 3) the SP indicated in a previous round that there are still costs for this item (RBUYCOST = 1).

Once RBUYCOST = 2 for a rental item, the event will not go through the PS section in future rounds.
