QUESTION TEXT

The next questions are about any medical care [you/(SP)] may have had between (REFERENCE DATE) and (today/DATE OF DEATH/DATE OF INSTITUTIONALIZATION).

(Now would be a good time to get out the planner that [you/(SP)] may have used to record health care visits or other medical expenses. We will also refer to any statements you may have received since the last interview.)

First we'll talk about dental care.

DESIGN NOTES

If the SP belongs to a managed care plan (HMO), we ask each provider selected/added if the provider is associated with an HMO. This question, which is asked throughout utilization and cost series, is only asked once in the study for each provider. The response is never updated. (this design may change in the future).

If the SP belongs to an HMO, and we have not asked this question for this provider, HMOASSOC=empty, BOX DU2 is routed to DU4 - HMOASSOC. If we have already asked this question about this provider, and the provider responded to HMOASSOC=No, DK or RF, BOX DU2 is routed to DU5, skipping DU4, to determine if the SP was referred to this provider by their HMO.

If SP does not belong to an HMO or this provider already reported being associated with the HMO, BOX DU2 routes directly to DU6, collect dental visits, skipping DU4 and DU5.
