¹The classification of counties into urban or rural groups is based on the list of metropolitan statistical areas (MSAs) defined by the Office of Management and Budget. For the purpose of this table, a rural area of residence is defined as an MSA with fewer than 50,000 resident population.

²Medicare enrollees in managed care plans are not included in the denominator used to calculate average payments.

³Excludes Puerto Rico, Guam, Virgin Islands, residence unknown, foreign countries, and other outlying areas not shown separately.

⁴No area for this jurisdiction is defined as rural.

NOTES: Numbers may not add to totals because of rounding. Refer to glossary for definitions of program payments and benefit payments.
