NOTES: Beginning fiscal year 1998, capitated premiums for Medicaid eligibles enrolled in managed care plans were included in this series as a Medicaid payment. Also, States process a variety of payments that are not associated with an eligible individual (e.g., disproportionate share payments to hospitals, interim lump-sum provider reimbursement adjustments, and final cost report settlements). These adjustments can be positive (that is, an additional payment to the provider) or negative (that is, a recoupment). Because these payments cannot be associated with any one beneficiary, the eligibility and demographic characteristics for these payments are categorized as other/unknown.
