<sup>1</sup>1974 was the first full year of coverage for disabled beneficiaries under Medicare.

<sup>2</sup>Beginning with 1994, Medicare enrollees in managed care plans are not included in the denominator used to calculate average program payments per enrollee.

NOTES: Hospital outpatient services also include the facility component for those procedures performed in a hospital outpatient department operating room which are subject to the ambulatory surgical center (ASC) or blended ASC fee schedule and hospital-based renal dialysis facility services. Medicare program payments represent fee-for-service only and exclude amounts paid for managed care services. Numbers may not add to totals because of rounding.
